About the Trust

Nirmala Memorial Foundation was established in the year 1984. **Late Shri Thakorbhai Desai** founded the Trust in fond memory of his **beloved wife Late Smt. Nirmala Desai**.

Late Shri Thakorbhai Desai is a State Awardee for Best Teacher by the Government of Maharashtra. Under his Chairmanship the Trust made its humble beginning with a Gujarati medium school in the slum pockets of Khot Dongri at Malad east. Within a short span of time the school gained glory by achieving 100% results at SSC exam.

Soon after that, there was no looking back for the institution. In the year 1999, Nirmala Memorial Foundation junior college of Commerce and Science started, followed by the Degree college in the year 2003. Then there were series of colleges and courses added under the banner of Nirmala Memorial Foundation.

Late Shri Thakorbhai Desai was ably supported by Director Smt. Aruna Desai who has always been the strongest pillar in the development of various institutions under this Trust.

Today the Trust has grown from a small seed to huge banyan tree with English medium school, junior colleges, degree colleges with various self financing courses, skill development courses and also B. Ed college.

The vision of providing quality education to the economically deprived children of the society has always been the main motto of the Trust. The same legacy is carried forward by the young and dynamic Chairman Dr. Denis Desai along with strong support from other Trustees.

The Trustees mainly comprise of great educationists who not only understand the value of education but also believe in imparting it in the right way, so that the students benefit from it which leads to their overall development.

The Trust emphasises on equal importance to academics along with Co curricular, cultural and sports activities.

The progressive, enlightened and dynamic Management has been steering the institution in the right direction all along and extending unswerving support to the committed teaching and non teaching staff. This has resulted in the institution reaching great heights.

About The Institute

The year 1999 was a landmark phase for Nirmala Memorial Foundation as it was the year in which it established Nirmala Memorial Foundation Junior College of Commerce and Science. It has been a stepping-stone that led to several milestones in the coming times, such as establishing of Degree College, B. Ed. College and many new courses. Today, Nirmala Memorial Foundation Junior College of Commerce and Science is providing superior education along with exciting platforms in curricular and extra-curricular activities to thousands of youngsters in Commerce and Science streams.

Founded in 2003, Nirmala Memorial Foundation College of Commerce and Science, permanently affiliated to the University of Mumbai, is one of the premier colleges in Mumbai renowned for imparting quality education to students residing primarily in the western suburbs and outskirts of Mumbai.

In a brief span of time, the college has acquired a commendable repute for exploring new spheres that brings about all-round development of learners and simultaneously encourages its staff to equip themselves with the latest skills in teaching, research and development.

Nirmala Memorial Foundation commenced its operations with humble beginnings by initially conducting lectures in a few classrooms. Gradually, its reputation and name for enabling learners from varied backgrounds, conspicuously those hailing from modest upbringings grew.

The institute currently offers programs in traditional B. Com. along with self-financing courses and is also in the process of introducing several new courses.

Nirmala Memorial Foundation has attained a reputation of being a place that makes it possible for learners to discover their potential in various extra-curricular activities at intra-college as well as intercollegiate levels. Our students are winning accolades in several areas including cultural, literary and sports and bringing laurels to the institute.

The NSS Unit for instance, has made great accomplishments at the university level for carrying out social service activities consistently and actively supporting causes at local and national levels.

The college believes that academics alone cannot bring about overall development of students. For that, the learners are encouraged to join various committees of their interest to develop their personality, skills and raise their confidence level.
