Brief about NIIT Foundation:

NIIT Foundation is Not-For-Profits An organization working in the community to provide Education, Skills & proper Job Opportunities. Our vision is to create a platform for unreached & unattended youth. The NIIT Foundation intends to better understand education and employability issues at the grassroots level and build sustainable training intervention models.

NIIT Foundation makes critical interventions towards upgrading marginalized youth's skill base and employability – in urban slums and rural areas.

We run Career Development Centers (CDCs) for skilling and employing at Borivali & Thane location. In that CDC Center Candidates can reach us to solve their query and with proper training. We train over 10 Thousand students annually all over India.
